

**CONSULTANT PROFILE – COLETTE HERRICK****EXPERIENCE AND PROFESSIONAL EXPERTISE**

Colette Herrick is an executive coach and organizational consultant who brings a rich perspective from over thirty years in diverse clinical, corporate and consulting positions. Informed by her first-hand experiences leading teams in complex environments, she understands the challenges leaders face as well as the premium value of collaborative, innovative workplaces.

On an ever-evolving curiosity and focus on "what creates excellence in leadership, on teams and in organizations" she retooled and retrained to live her vision of coaching and consulting leaders and teams both within and outside of healthcare. Since that time, she has provided leadership coaching to physicians, CEO's, VPs, executive directors, and managers across sectors.

Clients seek out Colette because they want a professional partner who has a track record of accomplishments supporting leaders, teams and organizations in their quest to become even more effective and fulfilled. **Colette brings strategic insight, passionate commitment and pragmatic methods to every project.**
